

We are pleased to announce that Peter Reilly has been named a Partner of AKF Group.

Peter Reilly, PE

AKF Boston, MA

Fire Protection Engineer

Mr. Reilly has over 25 years of consulting engineering experience for a variety of project types. He holds a Master of Science degree in Engineering Management from Tufts University and a Bachelor of Science in Mechanical Engineering from Northeastern University. He joined AKF in 2007 with the opening of the Boston office, and his responsibilities include project management, engineering, business development, and marketing. In addition to his active membership on AKF's National Healthcare Committee, his professional memberships include American Society of Plumbing Engineers (ASPE) where he served as Education Chairman for the Boston Chapter for three years; National Fire Protection Association (NFPA), and Associate member of American Society of Healthcare Engineers (ASHE).

Mr. Reilly has worked on a variety of project types for healthcare, education, and science and technology for the following clients:

- Boston Medical Center, Boston, MA
- Brigham and Women's Hospital, Boston, MA
- Dana Farber Cancer Institute, Boston, MA
- Elliot Hospital, Manchester, NH
- Harvard Business School, Boston, MA
- Johns Hopkins University, Baltimore, MD
- Xavier University, Cincinnati, OH
